## What is meant by "SUPER HEINZ"?

A Super Heinz consists of 120 possible bet combinations involving selections in 7 different events.

The bet includes 21 doubles, 35 trebles, 35 fourfolds, 21 fivefolds, 7 sixfolds and an accumulator.

A double is a combination of 2 events, treble is a combination of 3 events, a four-fold is a combination of 4 events, a five-fold is a combination of 5 events, a six-fold is a combination of 6 events and an accumulator in this instance means a combination of all 7 events.

E.g You place a Super Heinz bet on games A,B, C, D, E, F and G.

Let's say your stake is N50, please note that your total stake will be  $50 \times 120 = 6000$

This is so because your stake is charged separately for each possible combination and winnings are credited for each correct combination as well.

Your combinations would be arranged thus:

21 doubles

A\*B X 50 = Winnings

A\*C X 50 = Winnings

A\*D X 50 = Winnings
